

ICCGE-17 Special Volume of Journal of Crystal Growth Pre-publication Information

Authors who have a paper accepted for oral or poster presentations at the 17th International Conference on Crystal Growth and Epitaxy (ICCGE-17) are invited to submit manuscripts for consideration for publication in the Conference Proceedings, which will be published as a special volume of Journal of Crystal Growth.

Only work presented at the conference and that has not been published, nor is in press, or submitted for publication elsewhere will be considered for inclusion in the Proceedings. The length of the papers in the Proceedings is limited to four printed pages for regular contributed papers, five printed pages for invited papers and six printed pages for plenary invited papers. A single printed column (text only) in the Journal of Crystal Growth is approximately 480 words. Please keep the page length limit in mind when preparing your manuscript.

All submitted manuscripts will be subjected to a peer review process as for regular publication. Manuscripts will be rejected if they do not describe original, unpublished work or are not of high quality.

The guidelines for authors are available from the [EES.elsevier.com](http://ees.elsevier.com) website for the Journal of Crystal Growth. The URL is <http://www.elsevier.com/journals/journal-of-crystal-growth/0022-0248/guide-for-authors>. The website also has an author information packet.

Submission instructions:

Please submit manuscripts using the Elsevier Editorial System located at: <http://ees.elsevier.com/crys> and select "ICCGE-17".

ONLY electronic submissions are accepted.

Submission starts: 1 July 2013.

Submission deadline: 15 August 2013.
